

# AN INTEGRATED SOFTWARE & SERVICES SOLUTION

*Maximize ROI and maintain quality standards with improved sourcing efficiencies that will advance your entire organization into spend nirvana.*

## **The Challenge**

**These days sourcing and procurement professionals face enormous pressure to cut costs and simply do more with less.**

With resources continually being restricted, finding time to efficiently and effectively identify and contact new sources of supply, evaluate samples, and negotiate contracts, all the while managing a barrage of price increases has become a challenge.

## **The Solution**

**With the powerful combination of the Intesource e-Sourcing suite and expert Professional Services, Intesource works to understand each customer's unique requirements, processes, people, and resources to design and deliver the optimal solution and maximum ROI.**

We meet you where you are – with our comprehensive expertise in e-sourcing, procurement, and collaboration, we partner with you to ensure success and bottom line profitability to aid purchasing professionals throughout the entire procurement cycle. The Intesource suite of tools is designed to seamlessly integrate with your supply chain initiatives - requires no hardware, no IT support, and functions within your organization's existing infrastructure.

## **The Features**

**The Intesource full service e-Sourcing solution includes a combination of powerful tools backed by a team of experienced e-sourcing professionals.**

The Intesource e-Suite includes:

- A forward and reverse auction module that allows for aggregation, RFx, and replenishment events.
- A Contract Center to form organizational compliance to all contracts, featuring a secure, central, and searchable repository.
- The eSuite Sourcing Manager, which consists of an Executive Dashboard, user defined Scorecards, and Milestone Manager - a fully customizable project management tool.
- Vendor Management - A database consisting of 77 million businesses, eight million of which contain vital risk information. An invaluable tool to search, vet, and monitor suppliers.
- Market Price Commodity Center, which allows for real time market data on hundreds of commodities. Research historical data, monitor trends, and set alerts for key items.

The Intesource suite of e-Sourcing tools and services offer an unparalleled opportunity for sourcing and procurement professionals to create an enterprise wide reasonable, sustainable approach to spend. Our e-Sourcing suite is an all-inclusive, full-featured solution that advances industry best practices to maximize efficiencies, productivity, and ultimately, savings.
